11. APPENDIX

Note 1: *These Front Seat Height (FSH) matrices contain rounded estimates and assume flat seat heights (0 deg seat angle). Increasing seat angle can affect FSH setting.*
Note 2: *Highlighted cells indicate all valid combinations the Configurator will possibly choose based on FSH and Caster selection.*
Note 3: *Blank spaces (denoted with a dash "-") indicate at least one of two things: A) The caster won't fit in that fork hole, and/or B) The fork hole may not exist.*
Note 4: *For all forks except Frog Legs, Hole Position 1+ indicates that a 10mm spacer is used above the fork bearings to achieve additional FSH. For all other hole positions, the 10mm spacer sits below the fork bearings, except for the Frog Legs which can only have the spacer on the top side of the fork.*
Note 5: *The lowest FSH 14.0" is only available with the 4" Low Profile Poly Caster (Multi 90 hole 2 is not obtainable with 4"x1.25" Semi Pneu or 4"x1.5" Alum Soft Roll).*
