

MAKING PARKS **ACCESSIBLE** FOR **EVERYONE**

magic
Mobility™

Why Tennessee Parks Chose Magic Mobility

- **Low-Impact** on Trails
- Built for **Tough** Terrain
- **All-Day** Adventure
- **Reliable** & Cost-Effective
- **Inclusive** Access

“ The **Magic Mobility X8** has transformed accessibility in our parks. It's intuitive, durable, and allows visitors with disabilities to explore trails that were previously inaccessible.”

- **Don Tate, ADA Compliance Manager**
TN State Parks

Mobility™

Why Accessibility Matters

- **1 in 4 U.S. adults live with a disability**
- **Nature** helps reduce stress, improve mood, and support overall well-being.

Magic Mobility Extreme X8 and XT4 Designed for Parks. Built for Nature.

- **LEAVE NO TRACE** – Low-pressure tires help protect trails and minimize impact.
- **GO FURTHER** – Visitors can confidently navigate dirt, gravel, sand, and even snow!
- **INCLUSIVE ACCESS** – Open more of your park to more visitors.

Proven in State Parks

Parks like Tennessee are already expanding access with Magic Mobility – helping more visitors experience trails that were once out of reach.

“ Our goal is to have the most accessible park system in the nation. Providing all-terrain wheelchairs like the Magic Mobility X8 ensures that every visitor, regardless of mobility, can fully experience the beauty of our state parks. ”

– TN Governor Bill Lee
