ABOUT AES

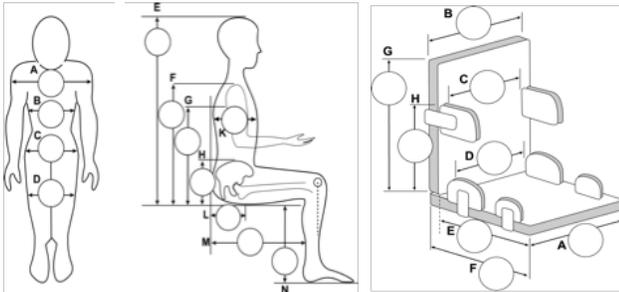

AES. AES custom seating solutions and hardware address basic to complex client needs. Adjustable and expandable, the products are fabricated to specific client measurements and are available in a variety of options and colors.

AES Lite. AES Lite offers an easy-to-order, simplified mix of AES options.

AES Li'l Kiddos. AES Li'l Kiddos pediatric custom seating solutions and hardware are designed specifically for children who are using wheelchairs with frames 14" wide and under.

HOW TO ORDER

1. Complete AES Custom Seating Order Form
 - a. Include **wheelchair information**, including model, tubing size, frame width/depth, etc.
 - b. Note the **client's measurements**
 - c. Indicate desired **seat dimensions**

- d. Select your desired Seating System Package or Individual Seat Package and/or Back Package
- e. Select from all of our unique modifications to customize the size, shape, foam, and countless others to fit your client's unique needs.
 - i. Select additional options, including lateral, medial, anterior trunk, pelvic, and/or knee supports.

2. Call, email, or fax in your order to Sunrise Medical Customer Service.

AES Lite orders may be completed conveniently online!

1. Login to Sunrise Medical's order entry system
2. Start a new quote/order
3. Enter part number "EICV" and complete custom seating selections

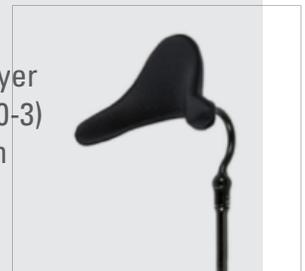

AES Upholstery Options

AES upholstery options can be found on the AES and AES Lite product pages on www.SunriseMedical.com.

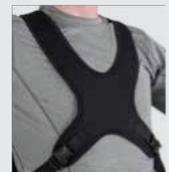

Whitmyer Headrests

Please refer to the Whitmyer Product Catalog (MKT3000-3) for detailed information on head support options.

JAY Positioning Supports

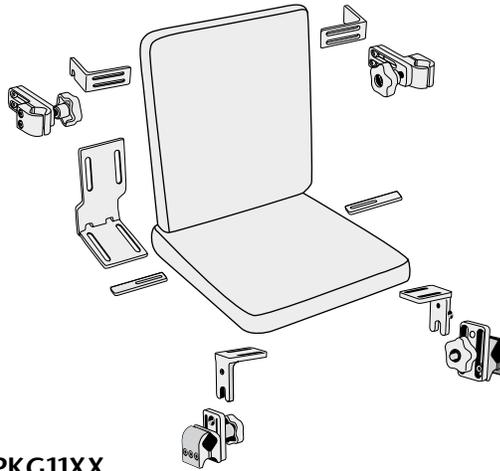

Looking for foot boxes, arm troughs, anterior trunk supports, or pelvic supports? Please refer to the JAY Positioning Supports Catalog (MK-100093) for detailed information.

FOAM | TYPES

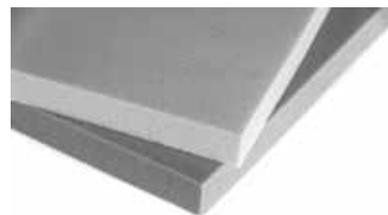

PUDGEE FOAM

Extra soft foam with a gel-like consistency conforms to the client and wicks moisture away from the body.

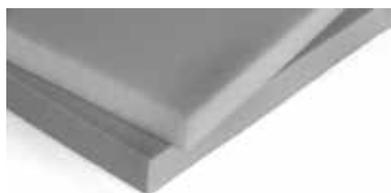

STIMULITE HONEYCOMB

Honeycomb material provides pressure relief, shear reduction, and ventilation, and is machine-washable.

T-FOAM

Memory foam technology that was originally developed by NASA. Designed to evenly distribute pressure and minimize heat build-up.

SUNMATE (VISCO) FOAM

Viscoelastic "memory" foam conforms to the client to distribute weight evenly for pressure reduction and maximum comfort.

GEL

Available in either cubed or solid form, gel inserts provide even pressure relief for the client across the entire surface.

JAY FLUID

Tripad conforms to each individual's shape, adjusts to sitting positions, and ensures proper fluid placement beneath bony prominences to help protect the skin from breakdown.

HIGH-RESILIENCY (HR) FOAM

Durable, high quality foam encourages proper positioning.

CUSTOM MOLDED | FOAM FORM

LATERALS are not included with SBP80XX, please see Foam Form Thoracic Support Kits below

SSP85XX

Foam Form Solid Seat Insert

- Four-way stretch fabric required on face
- 1 unit liquid Soft SunMate in bottles (FFK1010) is standard, specify if medium density is desired, or if unit is preferred in bag form.
- Base foam layer standard is 1" Soft SunMate
- Standard cover is 4" high and includes dual-pull zipper along back edge and both sides; ¼" soft SunMate sewn into face
- Plastic bag included for molding

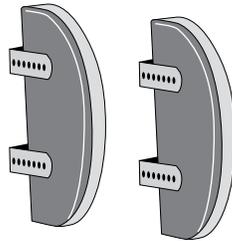

SBP80XX

Foam Form Solid Back Insert

- Four-way stretch fabric required on face
- 1 unit liquid Soft SunMate in bottles (FFK1010) is standard, specify if medium density is desired, or if unit is preferred in bag form
- Base foam layer standard is 1" soft SunMate
- Standard cover is 4" deep and includes dual-pull zipper on top and both sides, and ¼" soft SunMate sewn into face
- Lateral supports are additional; refer to FTK part numbers for options
- Plastic bag included for molding

FOAM FORM THORACIC SUPPORT KIT

- Each Kit contains two (2) thoracic supports and four (4) 7-hole L brackets
- Soft density liquid SunMate is standard
- Helps direct foam during pour
- Reinforces lateral section

LATERAL SUPPORT | LATERAL THORACIC PACKAGES

When ordering

- Specify pad size up to 5H x 6D, larger sizes may incur additional charges
- Specify if offset is needed
- Adjustment rail included; 6" is standard
- ½" Medium pressure-relieving foam is standard, please specify if other is desired
- Specify upholstery fabric and color
- Specify base material; upcharges may apply
- ¼-20 T-nuts included
- Sold as EACH; order two (2) for bilateral application

Denotes Modular Hardware; components are interchangeable

LTK22XX

Lateral Thoracic Package w/ Standard Bracket, Flat Pad

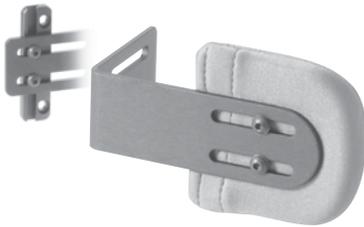

- Standard package includes flush, standard profile bracket and flat pad.
- Offset brackets in 1" or 2" available.
- For curved backs, AES recommends package LTK34XX instead.

LTK23XX

Lateral Thoracic Package w/ Standard Bracket, Curved Pad

- Standard package includes flush, standard profile bracket and curved pad.
- Offset brackets in 1" or 2" available.
- For curved backs, AES recommends package LTK34XX instead.

LTK24XX

Lateral Thoracic Package w/ Medium or High Profile Bracket, Flat Pad

- Standard package includes flush, medium or high profile bracket and flat pad.
- Offset brackets in 1" or 2" available.
- For curved backs, AES recommends package LTK34XX instead.

LTK25XX

Lateral Thoracic Package w/ E-Z Access Bracket, Flat Pad

- Includes E-Z Access bracket and flat pad.
- E-Z Access swing-away hinge pivot point can be rotated up to 130°.
- For backs over 2" thick, height adapter is required.
- Offset adapters available in 1" or 2".
- Package includes modular hardware - components are interchangeable.

LTK27XX

Lateral Thoracic Package w/ E-Z Access Bracket, Curved Pad

- Includes E-Z Access bracket and curved pad.
- E-Z Access swing-away hinge pivot point can be rotated up to 130°.
- For backs over 2" thick, height adapter is required.
- Offset adapters available in 1" or 2".
- Package includes modular hardware - components are interchangeable

LTK30XX

Lateral Thoracic Package w/ Front Quick Adjust and E-Z Access Bracket, Flat Pad

- Includes Front Quick Adjust and E-Z Access bracket and flat pad.
- E-Z Access swing-away hinge pivot point can be rotated up to 130°.
- For backs over 2" thick, height adapter is required.
- Adjusts from ½" offset to 1" or 1 ½" offset.
- Package includes modular hardware - components are interchangeable

LTK34XX

Lateral Thoracic Package w/ Fixed Modular Bracket, Flat Pad

- Includes Fixed Modular bracket and flat pad.
- For backs over 2" thick, height adapter is required.
- Offset adapters available in 1" or 2".
- Package includes modular hardware - components are interchangeable.

LTK35XX

Lateral Thoracic Package w/ Rear Quick Adjust Bracket, Flat Pad

- Includes Rear Quick Adjust bracket and flat pad.
- Rear Quick Adjust has 2" adjustment range: overall length expands from 3 ¾" to 5 ¾".
- For backs over 2" thick, height adapter is required.
- Offset adapters available in 1" or 2".
- Package includes modular hardware - components are interchangeable.

LATERAL SUPPORT | LATERAL THORACIC PACKAGES

LTK37XX

Lateral Thoracic Package w/ Rear Quick Adjust and E-Z Access Bracket, Flat Pad

- Includes Rear Quick Adjust and E-Z Access bracket and flat pad.
- Rear Quick Adjust has 2" width adjustment range: overall length expands from 3³/₄" to 5³/₄".
- E-Z Access swing-away hinge pivot point can be rotated up to 130°.
- For backs over 2" thick, height adapter is required.
- Offset adapters available in 1" or 2".
- Package includes modular hardware - components are interchangeable.

LTK40XX

Lateral Thoracic Package w/ 1" Reverse Offset Bracket, Flat Pad

- Includes 1" Reverse offset bracket and flat pad.
- Reverse offset Profile is 1¹/₂".
- For curved backs or backs over 1¹/₂" thick, AES recommends package LTK34XX instead".

LTK45XX

Lateral Thoracic Package w/ Removable Bracket, Flat Pad

- Includes Removable bracket and flat pad.
- For backs over 2" thick, height adapter is required.
- Offset adapters available in 1" or 2".
- Package includes modular hardware - components are interchangeable.

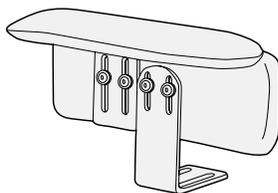

LTK47XX

Lateral Thoracic Package w/ Rear Quick Adjust and Removable Bracket, Flat Pad

- Includes Rear quick adjust and removable bracket and flat pad.
- Rear Quick Adjust has 2" width adjustment range: overall length expands from 3³/₄" to 5³/₄".
- For backs over 2" thick, height adapter is required.
- Offset adapters available in 1" or 2".
- Package includes modular hardware – components are interchangeable.

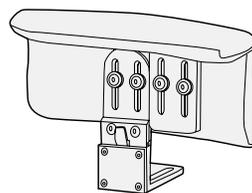

LATERAL SUPPORT | LATERAL PELVIC/ ARMREST PACKAGES

LPK40XX

Lateral Pelvic/Thigh/Armrest Combo w/ Standard Fixed Bracket

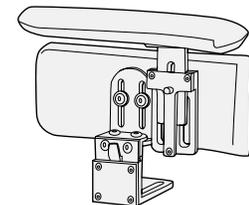

- Includes pelvic pad, armrest pad and fixed brackets (armrest and seat).
- Specify both pelvic pad and armrest pad dimensions.
- Minimum pelvic pad height is 3³/₄".

LPK41XX

Lateral Pelvic/Thigh/Armrest Combo w/ Removable Bracket

- Includes pelvic pad, armrest pad, fixed armrest bracket and removable lateral bracket.
- Specify both pelvic pad and armrest pad dimensions.
- Minimum pelvic pad height is 3³/₄".
- For seats over 2" thick, height adapter is required.

LPK42XX

Lateral Pelvic/Thigh/Armrest Combo w/ Removable and Height Adjustable Bracket

- Includes pelvic pad, armrest pad, height adjustable armrest bracket and removable lateral bracket.
- Specify both pelvic pad and armrest pad dimensions.
- Minimum pelvic pad height is 3³/₄".
- For seats over 2" thick, height adapter is required.

LATERAL SUPPORT | LATERAL PELVIC/THIGH PACKAGES

When ordering

- Specify pad size up to 5H x 18L, larger sizes may incur additional charges
- Specify upholstery fabric and color
- Standard Foam is ½" premium pressure-relieving material, specify if other is desired
- Specify base material; upcharges may apply
- ¼-20 T-nuts included
- Sold as EACH; order two (2) for bilateral application

LPK22XX

Lateral Pelvic/Thigh Package w/ Standard Bracket, Pad

- Includes standard bracket and pad.
- Standard fixed bracket available in 1", 2" or 3" offset.
- Offset profile is 1 5/8" high.

LPK27XX

Lateral Pelvic/Thigh Package w/ Removable Bracket, Pad

- Includes removable bracket and pad.
- Offset adapters available in 1" or 2".
- Height adapters available.
- Package includes modular hardware - components are interchangeable.

LPK32XX

Lateral Pelvic/Thigh Package w/ Med/High Profile Bracket, Pad

- Includes Medium or High Profile Bracket and pad.
- Medium profile bracket available in flush, 1, 2, or 3" offset.
- Medium profile bracket offset is 2 1/4" high.
- High profile bracket available in flush, 1" or 2" offset.
- High profile bracket offset is 2 3/4" high.

LPK33XX

Lateral Pelvic/Thigh Package w/ 20° Adjustable and Removable Bracket, Pad

- Includes 20° Adjustable and Removable Bracket and pad.
- Up to 20° pivot adjustment.
- For seats over 2" thick, height adapter is required.
- Offset adapters available in 1" or 2".
- Package includes modular hardware - components are interchangeable.

LPK34XX

Lateral Pelvic/Thigh Package w/ Modular Bracket

- Includes Modular Bracket and pad.
- For seats over 2" thick, height adapter is required.
- Offset adapters available in 1" or 2".
- Package includes modular hardware - components are interchangeable.

LPK55XX

Lateral Pelvic/Thigh Package w/ 1" Reverse Offset Bracket, Pad

- Includes 1" Reverse offset bracket and pad.
- Offset profile is 1 5/8" high.

LPK57XX

Lateral Pelvic/Thigh Package w/ 20° Adjustable, Fixed Bracket

- Includes 20° Adjustable Fixed Bracket and pad.
- Up to 20° pivot adjustment.
- For seats over 2" thick, height adapter is required.
- Offset adapters available in 1" or 2".
- Package includes modular hardware - components are interchangeable.

LI'L KIDDOS | LATERAL THORACIC SUPPORT PACKAGES

When ordering

- **NOTE: ADJUSTMENT RAILS NOT INCLUDED** with Lateral Thoracic packages. Some seat packages and some back packages come standard with Adjustment rails, please check before ordering rails separately
- Specify pad size up to 5H x 6D, larger sizes may incur additional charges
- 1/4" base material and 10-32 T-nuts
- Specify if offset is needed
- 1/2" Medium Sunmate foam is standard, please specify if other is desired
- Specify upholstery fabric and color
- Sold as EACH; order two (2) for bilateral application

LTK72XX

Li'l Kiddos Lateral Thoracic Support Package

- Specify Flush, 1/2" offset or 1" offset bracket

LTK73XX

Li'l Kiddos Lateral Thoracic Support Package w/ curved pad

- Specify Flush, 1/2" offset or 1" offset bracket

LTK74XX

Li'l Kiddos Lateral Thoracic Support Package w/ Fixed Modular Bracket, flat pad

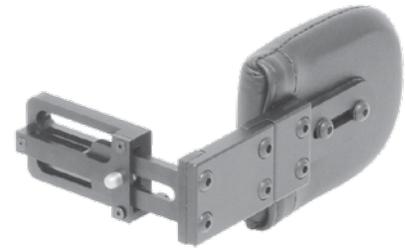

- Specify flush, 1/2" offset, 1" offset, 1 1/2" offset, or 2" offset
- 1" Height adapter included; 2" height adapter available

LTK75XX

Li'l Kiddos Lateral Thoracic Support Package w/E-Z Access Bracket

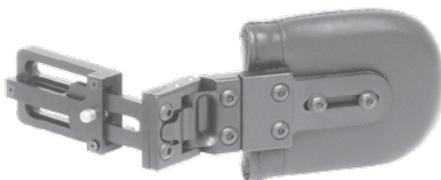

- Specify flush, 1/2" offset, 1" offset, 1 1/2" offset, or 2" offset
- 1" Height adapter included; 2" height adapter available

LTK76XX

Li'l Kiddos Lateral Thoracic Support Package, w/Rear Quick Adjust Bracket

- Specify flush, 1/2" offset, 1" offset, 1 1/2" offset, or 2" offset
- 1" Height adapter included; 2" height adapter available

LTK77XX

Li'l Kiddos Lateral Thoracic Support Package w/Rear Quick Adjust and E-Z Access Bracket

- Specify flush, 1/2" offset, 1" offset, 1 1/2" offset, or 2" offset
- 1" Height adapter included; 2" height adapter available

LTK78XX

Li'l Kiddos Lateral Thoracic Support Package w/E-Z Access Bracket, Curved Pad

- Specify flush, 1/2" offset, 1" offset, 1 1/2" offset, or 2" offset
- 1" Height adapter included; 2" height adapter available

LIL KIDDOS | LATERAL PELVIC/THIGH SUPPORT PACKAGES

When ordering

- **NOTE: ADJUSTMENT RAILS NOT INCLUDED** with Lateral Pelvic/Thigh packages. Some seat packages and some back packages come standard with Adjustment rails, please check before ordering rails separately
- Specify pad size up to 5H x 14L, larger sizes may incur additional charges
- ¼" base material and 10-32 T-nuts
- Specify if offset is needed
- ½" Medium Sunmate foam is standard, please specify if other is desired
- Specify upholstery fabric and color
- Sold as EACH; order two (2) for bilateral application

LPK72XX

Li'l Kiddos Lateral Pelvic/Thigh Support Package, w/Standard Bracket

- Specify Flush, ½" offset or 1" offset
- For offsets greater than 1", switch out to Modular bracket is required at an additional charge

LPK74XX

Li'l Kiddos Lateral Pelvic/Thigh Support Package, w/Modular Fixed Bracket

LPK75XX

Li'l Kiddos Lateral Pelvic/Thigh Support Package, w/ 20° Adjustable Bracket

- Specify 1" offset or 2" offset
- 1" Height adapter included; 2" height adapter is available

LPK76XX

Li'l Kiddos Lateral Pelvic/Thigh Support Package w/High Profile Bracket

- Specify Flush, ½" offset or 1" offset
- For offsets greater than 1", switch out to Modular bracket is required at an additional charge

LPK77XX

Li'l Kiddos Lateral Pelvic/Thigh Support Package, w/Removable Bracket

- Specify flush, ½" offset, 1" offset, 1½" offset, or 2" offset
- 1" Height adapter included; 2" height adapter is available

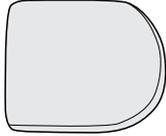

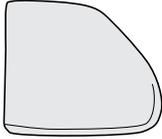

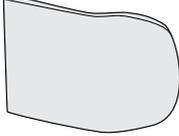

LPK78XX

Li'l Kiddos Lateral Pelvic/Thigh Support Package, w/Removable, 20° Adjustable Bracket

- Specify 1" offset or 2" offset
- 1" Height adapter included; 2" height adapter is available

LATERAL SUPPORT | THORACIC PADS

	D-FORWARD	TAPERED	CURVED
			
STANDARD	LTS25XX	LTS15XX	LTS35XX
CUSTOM	LTS29XX	LTS19XX	LTS39XX

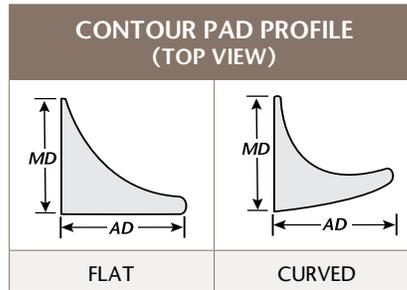

RECOMMENDED THORACIC PAD SIZES

H	D
3	4
4	5
4	6
5	6

- The standard and most commonly used thoracic lateral support pad that is in the shape of a “D.”
- Specify pad size; see standard size chart.
- The tapered pad shape helps prevent irritation from client arm movement across the midline.
- Specify pad size; see standard size chart.
- The curved pad provides mild anterior support in addition to lateral support as it was designed to replicate the shape of a hand wrapping around and supporting a client’s trunk.
- Specify pad size; see standard size chart.

	CONTOURED
STANDARD	LTS45XX
CUSTOM	LTS49XX

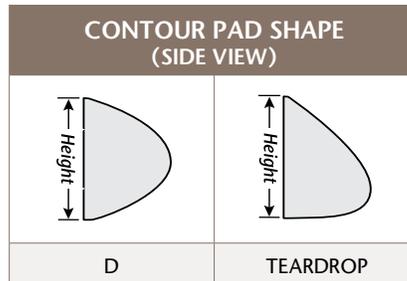

- Specify both pad profile and pad shape (at right) for contoured pads.

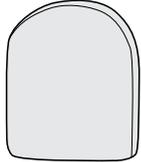

RECOMMENDED THORACIC CONTOURED PAD SIZES

LATERAL SUPPORT | MODULAR BRACKETS

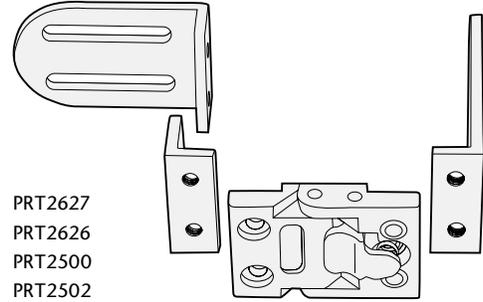

HOW MODULAR HARDWARE WORKS

Each bracket is built of interlocking components that can be mixed and matched to achieve perfect positioning of secondary supports.

Modular hardware provides an economical and easy way to make changes to a client's system based upon their growth and evolving posture support needs.

For example: the bracket at right can be modified by replacing (D) PRT2502 Mounting Plate with HDW2501 for Rear Quick Adjust capabilities.

Replace (A) PRT Offset Pad Mount Plate and (B) Offset Adapter with PRT2625 Flush Pad Mount Plate for a flush lateral bracket.
