ULTRA LOW 16.5" STFH

OCCUPIED TRANSIT
TESTED TO ISO-7176

**SOLID, SINGLE SHEET
METAL CHASSIS**

CLIMB CURBS UP TO 3"

PROGRIP SUSPENSION

ELEVATE AND DRIVE WITH C-ME®

C-Me enables you to elevate up to 12" while traveling up to 3 mph! You can lift or descend at the touch of a button with no need to stop while transitioning. Our suspension doesn't lock out when you drive with C-Me, giving you a smooth and comfortable ride from start to finish.

RELIABLE

Every Q700 M is built to keep you moving. The chassis is formed from a single sheet of metal, and its steel components receive automotive undercoat plating. The industry's best motors undergo additional end-of-line testing before leaving our factory.

MANEUVERABLE

True mid-wheel drive allows the Q700 to turn on its own axis, so you enjoy intuitive driving and excellent maneuverability in tight, compact spaces.

PERFORMANCE

With its independent movement of all six wheels, the Q700 M ProGrip suspension gives you the ability to safely crawl up and down steep obstacles, keeping all six wheels on the ground.

SEDEO® PRO ADVANCED™

Designed for comfort and aesthetics, the SEDEO PRO ADVANCED covers the most demanding clinical needs. With Biometric Repositioning and a full range of programmable seating positions, it is the best ergonomic seating from QUICKIE.

SEDEO® PRO™

Truly modular in design, the SEDEO PRO provides a new level of functionality, comfort and design. For moderate to complex clinical needs, the PRO combines a highly adjustable seat frame with an excellent choice of postural support options.

SEDEO® LITE™

The SEDEO LITE is an adjustable seat frame with a sleek look. Its minimal design alleviates weight capacity concerns when using aftermarket equipment. Traditional back canes are width-adjustable from 15" to 20" and easily fit JAY® backs. An array of options cover mild to moderate clinical needs, and intuitive adjustability meets individual requirements.

Captain's Seat

The Captain's Seat provides a relaxed sitting position and features a semi-recline, fold-down back, adjustable seat depth, and convertible seat pan that allows you to use your preferred cushion. Available with a 50° tilt and power centermount leg support.
