MEDICAL.

## FOUR POWERFUL MOTORS

High-torque motors (one powering each wheel) deliver a top speed of 6 mph to conquer tough terrain and maximize battery life for extended range.

## UNBEATABLE CURB CLIMBING

Off-road low pressure knobby tires, articulating front suspension, and four independent motors provide unstoppable climbing power.

## SMOOTH, JOLT-FREE RIDE

Exceptional suspension and the low-pressure tires keep all four wheels on the ground to smooth out the impact of bumps.

## SEATING OPTIONS

From MPS seating to a traditional rehab seat, a whole range of powered functions are available to support your needs.

## PERSONALIZED FOR YOU

Choose from six colors and a wide range of options, including Seat Elevate and accessories like phone holders, chargers, and lights.

## ANTI-TIP ROLLER

Anti-tip roller enhances traction and control by minimizing excessive tilting on rough terrain.

## LEAVE NO TRACE

Low-pressure tires protect trails, preventing erosion and minimizing environmental impact, unlike heavy tracked chairs that can damage sensitive terrain.

## DESIGNED IN AUSTRALIA. ASSEMBLED IN THE USA

Since 1994, Magic Mobility has been designing, engineering, and manufacturing highly robust, all-terrain powerchairs so that adventurous riders can experience a world that's not flat.

## TECHNICAL DATA

DIMENSIONS	40.5" Long x 28" Wide
MAX SPEED	6 mph
MAX RANGE	12 miles
BATTERY	Group 24
DRIVE WHEELS	14" Off-Road
DRIVE WHEEL POSITION	4x4
SEAT WIDTH	13" to 23"
SEAT DEPTH	13" to 24"
SEAT-TO-FLOOR HEIGHT	18.5", 19.5", 20.5"
CHAIR WEIGHT	Starting at 320 lbs.
USER WEIGHT CAPACITY	400 lbs. (With power tilt & elevate: 340 lbs.)
POWER SEAT OPTIONS	50° of CG Tilt/Power Recline/12" Seat Elevator/Power Elevating Legrest
COLORS	Midnight Black, Ocean Blue, Fire Engine Red, Clover Green, Tangerine, Camouflage

Refer to order form as specifications may vary based on configuration.
